London Labour and the London Poor Volume I

subtitled, "A Cyclopaedia of the condition and earnings of those that *will* work, those that *cannot* work, and those that *will not* work."

"The history of a people from the lips of the people themselves .. their labour, earnings, trials and sufferings, in their own unvarnished language, and to pourtray the condition of their homes and their families by personal observation of the places ..." "My earnest hope is that the book may serve to give the rich a more intimate knowledge of the sufferings, and the frequent heroism under those sufferings, of the poor ..."

Henry Mayhew was a social researcher and journalist; he compiled a four volume work in minute detail on the lives of the poor in London, of which this is the first volume, published in 1851.
